## Surface water drainage

If you think that surface water or ground water does not drain off your property into our sewers, then please let us know as your bill could be lowered. For more information or a claim form, please visit us at [stwater.co.uk](http://stwater.co.uk)

## What is Rateable Value (RV)?

This is a fixed value set by the Inland revenue back in 1989/90 for all properties. To calculate RV bills, we multiply the RV value by the tariff(s) charge which then provides the total annual bill. If you would like information on having a meter fitted please visit our website [stwater.co.uk](http://stwater.co.uk)

Please Note: If your bill period is less than a full year, just divide by the number of days in the year and then multiply by the number of days in the bill period.

## Example Calculation:

Annual Charge of £400/365 days x 188 days in the period= £206.03

To find out more about your bill and what is included, go to [stwater.co.uk/ourserviceexplained](http://stwater.co.uk/ourserviceexplained)
